Year 11 Support Sessions

Dear Parent/Carer,

As pupils return to learning in school, we want to ensure they have access to all appropriate support at a crucial and important time.

As outlined in the government guidance, and the information previously provided by Mr Langston-Jones, teachers will use a range of evidence to make a judgement of the grade a student is performing at. It is important to emphasise that students will only be assessed on what they have been taught, ensuring sufficient coverage of the curriculum to enable progression. We also want to ensure that students approach this important time with confidence and self-assurance. The upcoming assessment windows are an only opportunity to provide further assessment evidence; grades will not be solely determined by performance in these assessments, and they will not be more significantly weighted.

To ensure students have access to additional support in the relevant subjects, we have provided a schedule of after-school support sessions for students, which is outlined below:
