28 March 2022

Dear Parent/Guardian

The Human Papilloma Virus (HPV) programme requires two doses for 12-15 year olds, however if your child is 15+ or immunosuppressed regardless of age when they receive the first dose they will require 3 doses.

The School Age Immunisation Team will be visiting your child's school on **Tuesday 26th April 2022** to administer Dose 2 of the HPV vaccination programme.

You would have completed a consent form for your child to receive Dose 1 of the programme in year 8, we now need you to consent for dose 2. Without this consent we will be unable to vaccinate your young person with the 2nd part of the HPV vaccine to complete the course.

If your child has not yet received any HPV vaccinations and you would like them to start the programme now, please complete a consent form using the link below, you will be consenting for the full HPV programme.

Electronic Consent - e-Consent is quick and easy to use, and can be completed on any electronic device.

Click on this link <https://forms.mpft.nhs.uk/> to complete the consent form.

Use the dropdown list and choose your young person's school, your school code is:
9HPV146493

Please complete the e-consent form by **10am on 19th April 2022, consent forms will not be accepted via this link after this date/time**

Please ensure you know your young person's NHS number prior to booking, you can find this in your young person's "Red Book" or by using this link: <https://www.nhs.uk/nhs-services/online-services/find-nhs-number/>

More information regarding these vaccinations can be accessed through the links below, **please ensure that you read the information contained in the links below prior to giving consent for your young person's immunisations.** You must have parental responsibility or delegated authority for immunisations to consent for the vaccinations.

<https://www.nhs.uk/conditions/vaccinations/nhs-vaccinations-and-when-to-have-them/>
