24th October, 2018

Dear Parent/Carer

Scientific Calculator

Your child has expressed an interest in buying an advanced scientific calculator to help with their GCSE mathematics studies and to prepare for future A Level studies.

The model of the calculator is the Casio fx-991 EX (known as the Classwiz) and we are able to obtain it for a cost of £22.78 including delivery. You may wish to search online to check that this is the most competitive price at the moment.

Should you wish to go ahead and purchase the calculator, I have set up an item on ParentPay for you to go online and make the payment of £22.78 by the 9th November, 2018

Yours faithfully

K Manton

Mrs K Manton
Teacher of Mathematics
