

Nether Stowe School

Inspiring, Empowering and Achieving Together

June 2023

Dear Parent/Carer,

At the Arthur Terry Learning Partnership, children are at the heart of everything we do. Our aspiration, through our 'One Trust' vision, is to bring an inspirational and highly ambitious education experience to all children, at each and every one of our schools.

To help deliver this, we are delighted to announce the launch of our **Learning Futures** project, which will enhance education through the use of digital technology for all our students at Nether Stowe School and the Arthur Terry Learning Partnership.

The core objective of **Learning Futures** is to immerse and embed technology within learning and teaching, enhancing opportunities and outcomes for all. To facilitate this, we have committed to provide every child with the technological tools to help prepare them for a future that will require a wide range of skills and knowledge.

We are pleased to announce that Nether Stowe School is in Phase 1 **Learning Futures**. This means that every child joining us will receive a fully funded iPad to use in lessons and at home in September 2023. To ensure the effective use of technology, teachers will continue receive ongoing professional development. iPads will be used to enhance the existing curriculum.

To help make **Learning Futures** a real success, we are committed to ensuring you, as parents or carers, will have all the information and support you need to engage with this exciting stage of your child's time with us. More information and engagement events will be launched in upcoming communication.

We look forward to the launch of the Learning Futures Project and seeing the transformational impact it will have on all those within our school community.

Regards

Mr S Peace

Assistant Headteacher – Teaching and Learning
