

## Overview of Careers Program

The Careers program is delivered as part of the Living in the Wider World topic in PSHE where we prepare students for life outside of school and their futures. They not only learn about different careers options but also how true world of money works, how top budget and where their money goes.

We have just as a school invested in Unifrog, this is an online platform that students will use throughout their time at Nether Stowe to support their careers education. They will be able to learn about the labour market and be matched with careers they may want to do when they are older. They will be able to explore different routes and qualifications they will need in order to do this.

|        |                                   |         |                                  |
|--------|-----------------------------------|---------|----------------------------------|
| Year 7 | Unifrog – What is work            | Year 10 |                                  |

| Year 9 | The cost of living                |         | How to revise for your exams     |
|        | Income and taxes                  |         | Revision techniques              |
|        | Creating a budget                 |         | Supported Revision               |
|        | Credits, loans and debit          |         |                                  |
|        | Avoiding scams                    |         |                                  |
|        | LMI                               |         |                                  |
|        | Unifrog – First job expectations  |         |                                  |

The sixth form have a different program linked with university life or living independently with emphasis on their higher education paths.

They use Unifrog in their form time and follow a higher education pathways program which gives them the opportunity to discover different avenues including apprenticeship degrees, the world of work, universities and part study courses.
