

NETHER STOWE SCIENCE CLUB

To parents/carers,

We are starting an afterschool science club on the Wednesday of Week B at 3 pm to 4pm (from 22nd Jan), which will be open to KS3 students. This will be an hour filled with carefully planned & engaging activities that will encourage our students to question, seek, find & predict.

As this hour will be filled with activities, we need to ensure we know the numbers of students so that we can ensure we have the correct equipment available on site. Therefore, students will be asked to fill in a small application to join, which is attached to this letter.

Nether Stowe Science Club aims to provide a safe and enjoyable experience for every child or young person. To help us do this, please note the following important information:

- All questions on the consent form must be completed and signed by the parent/carer before any child takes part.
- Parents and carers must ensure they notify us of any changes to the information given on the form.
- Parents and carers must make arrangements for children to be collected from the activity safely and on time. If a parent or carer is not able to collect their child, they need to let us know in advance who will be doing so.
- If any child compromises health & safety with any unsafe behaviours they will be asked to leave and a phone call will be made to parents so that they can collect their child before the end of science club.
- We cannot take responsibility for any damaged clothing and/or personal items during the activity.

I agree to (please tick):

- my child taking part in the stated activity
- Nether Stowe science club keeping a record of this form for health & safety reason
- any medical treatment that my child may need to be given in an emergency
- my child being filmed or photographed during the activity, with the possibility
- that these photographs/media recordings may be used for publications or marketing publicity. Nether Stowe School will take all steps to ensure these images are used solely for the purposes for which they are intended). Please Note: if consent is not given, Nether Stowe School will not use any images taken during the activity that contain the child/young person.

NETHER STOWE SCIENCE CLUB

STUDENT APPLICATION

Name: _____

Form Group: _____

Why do you want to join science club?

Who is a scientist that you admire & why do you admire them?

Are there any specific practical activities you would like to do in science club?

I agree to (please tick):

- taking part in practical activities during science club
- talk to a staff member present (such as the teacher or the science technician) if I am not comfortable at any time during the activity so they can help me or arrange for me to do something else
- Nether Stowe science club keeping a record of this form so they have the information they need to keep me safe during the activity
- I understand that enjoying the activity and being safe means I need to follow the behaviour code and lab safety rules. If my behaviour is unsafe during activities I will be asked to leave.
