Tutor Time – A PROUDER way

Ambition   Respect   Resilience

The tutor time programme at Nether Stowe School is a fundamental part of the school day. Ensuring students are ready to learn. A PROUDER way encourages students to take responsibility for their learning day to day.

Tutor Time Programme :

The Tutor Time is a purposeful and varied programme that includes :

The Student Bulletin

We know how important communication is and ensure that students receive weekly messages from enrichment clubs, teachers, and notices about upcoming events that they can become involved with.

Literacy Activities

Literacy skills are vitally important in everyday life, and our literacy staff and student leaders provide a wide range of interactive literacy tasks which tutor groups can complete together.

Trending and Thoughtful Thursdays

This is an opportunity to discuss global and local issues facing us today. It keeps up with current affairs but also allows us to discuss issues and celebrate successes at a more local level – within our school community.

Careers

Each week students take part in a careers activity which encourages students to take part in work experience opportunities, access the careers live event and explore potential career paths. Unifrog and Future Readiness are key in this effective delivery

Assemblies

Once a week, each year group will have a College assembly where students which will be directly linked to the values of Nether Stowe – A PROUDER way,

share successes of the week before and be presented with key themes running through the school calendar.

PSHCE

To enhance our PSHCE programme we occasionally have additional 'mini' sessions which are incorporated into our tutor time.

Events

We sometimes dedicate our tutor time to exciting events that take place during the academic year, and it is important that we take time to showcase these events and raise awareness. For example – Children in Need, Remembrance Day and Comic Relief.
